

# CORPORATE PROFILE

INNOVATION | COMPLIANCE | RESULTS

Guiding organizations through the complexities of modern regulatory landscapes

# COMPANY OVERVIEW

**EQC Compliance Advisory** is Hong Kong's leading specialist in regulatory compliance consulting for CPA practices. With over five years of experience and 250+ inspection engagements, we are dedicated to helping firms navigate AFRC inspections and regulatory challenges through expert consulting, innovative audit solutions, and comprehensive training programs. Our mission is to strengthen the CPA community by transforming compliance from a burden into a competitive advantage, ensuring our clients achieve both regulatory excellence and operational efficiency.

## OUR VISION

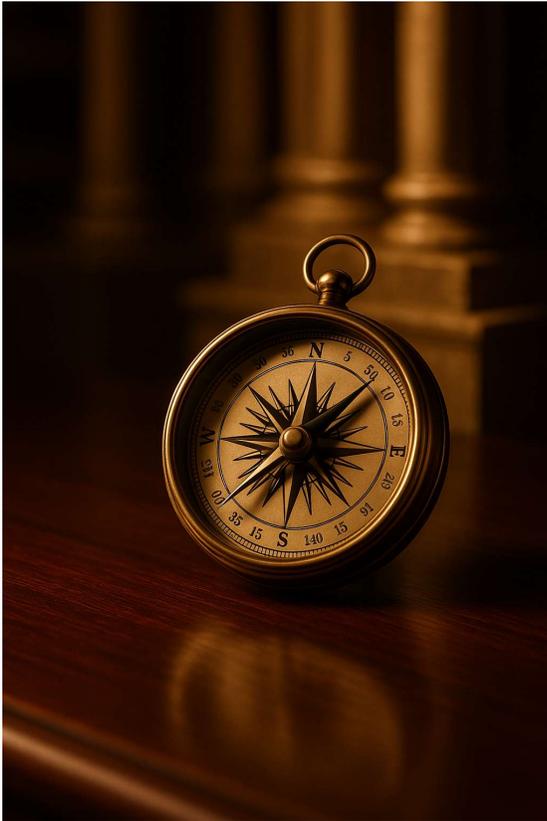

To be Hong Kong's most trusted compliance partner, recognized for transforming the way CPA practices approach regulatory requirements through practical innovation, operational excellence, and unwavering commitment to client success. We envision a future where compliance becomes a competitive advantage rather than a burden, where every firm we serve operates with complete confidence in their regulatory standing, and where our one-stop solutions set the standard for efficiency and peace of mind in the compliance consulting industry.

## MISSION STATEMENT

To provide CPA practices with practical, innovative solutions that ensure seamless regulatory compliance while delivering operational efficiency and complete peace of mind. As your trusted one-stop compliance partner, we transform complex regulatory challenges into streamlined processes, enabling our clients to focus on growing their business with confidence, knowing their compliance requirements are expertly managed and their regulatory success is assured.

## KEY BENEFITS

- **Proven AFRC Inspection Success:** 250+ successful inspection engagements with documented track record of helping CPA practices pass regulatory inspections and address compliance challenges with confidence
- **Revolutionary Time Savings:** Audit Program 4.0 delivers illustrative templates and wordings in audit documentation, allowing your practice to complete engagements in minutes rather than days while maintaining full compliance standards
- **Comprehensive One-Stop Solutions:** Complete range of services from mock inspections to monitoring reviews, comprehensive training and practice-wide policies, procedures and controls, and innovative IT solutions, eliminating the need for multiple vendors and ensuring seamless integration across all compliance requirements
- **Specialized Hong Kong Expertise:** Deep understanding of AFRC regulations and local compliance landscape, providing targeted solutions that generic consultants cannot match for both PIE and Non-PIE CPA practices.

## OUR EXPERTISE

We bring two decades of audit experience rooted in Big 4 accounting firm expertise, combined with over five years of specialized focus on serving CPA practices across Hong Kong's regulatory landscape. We possess an intimate understanding of precisely what AFRC expects, enabling us to deliver practical solutions that address real commercial inherent deficiencies while maintaining full compliance standards. Our proficiency in the latest auditing standards and regulatory ordinances, coupled with our commitment to operational efficiency, sets us apart as compliance experts who understand that successful regulatory management must enhance, not hinder, your practice's productivity and growth.

# OUR SERVICES / SOLUTIONS

<b>SQM &amp; AML Consultancy</b>	Comprehensive design and implementation of quality management systems and anti-money laundering compliance frameworks tailored to your practice's specific needs. We ensure your internal controls meet regulatory standards while streamlining operational processes for maximum efficiency.
<b>Monitoring Review</b>	Independent external monitoring reviews and comprehensive engagement file assessments to identify potential compliance gaps before regulators do. Proactive quality assurance that strengthens your practice's regulatory standing and enhances client service delivery.
<b>Inspection Management</b>	Complete AFRC inspection support from preparation through response, including mock inspections, document preparation, and regulatory correspondence management. Transform inspection challenges into opportunities for practice improvement with expert guidance throughout the entire process.
<b>Training</b>	Specialized online and in-person training programs covering latest auditing standards, regulatory requirements, and best practices for CPA professionals. Continuous professional development that keeps your team current with evolving compliance landscape and enhances technical competency.
<b>Audit Program 4.0</b>	Sleep soundly knowing your audit work meets the highest compliance standards while dramatically reducing the time and stress of engagement preparation. Focus on growing your practice and serving clients with confidence, knowing that regulatory requirements are expertly handled behind the scenes.

# NEXT STEPS

Take the next step toward operational excellence and regulatory confidence. Our team is ready to discuss your specific compliance challenges and design solutions that fit your practice's unique needs.
